

Evolution. Founded in 2014 solely as a trucking company, today it has expanded its logistics services

THL always at the customer's side

Transport by land, sea, and air

Domestic and international transport and logistics across all fronts (land, sea, air), as well as transport insurance and customs operations, with a constant focus on customer needs in a professional and competent manner. These are the strengths of THL S.r.l., a small company with 12 employees but a turnover exceeding 5 million. Founded in 2014 solely as a trucking company, in 2025 it began to develop the sea/air market and over the years has expanded its offices, covering the area from Varese to Como, Lecco, and even Milan. "We guarantee a sea service by collaborating directly with the main shipping companies, managing both import/export in FCL (full container loads) and LCL (less than container loads)," the company explains.

-. Thanks to our dedicated team, we offer our customers the best service at the most competitive price, focusing on assistance, information, and care

. Thanks to our established partners, we are able to manage shipments and customs clearance worldwide, relieving our customers of any related issues and offering DAP and DDP services. We can manage with professionalism and reliability

your goods via air transport services thanks to our network of partners around the world. We guarantee standard (door-to-door) services, express services, part/full charter, and customs clearance. We offer customized solutions for all types of goods

with the possibility of shipping worldwide, even to the most complex destinations. THL is ISO 9001 certified; initially, the company handled truck shipments to France, but then expanded. Now, 500 shipments are handled per month. In 2024, the

turnover was 3.8 million, now it is 5 million. Of the 12 employees, 50% are women: perfect equality, therefore. "We are both young and dynamic and professionals with more than 40 years of experience, an important combination," say Stefano Caporali and Alessandro Ardizio. In the area

We have two offices in Vergiate and one in Lecco. It is important for us to provide services in the Como area as well. We work throughout Italy, Europe, and the world. In terms of trucking, we work mainly with France, Belgium, Holland, Germany, Austria, and Switzerland. By sea and air, we import mainly from China. Unfortunately, this is not the best of times, with American tariffs and the socio-political situation, with its various problems, and maritime transit times increasing from 30 to 60 days. We have therefore helped our customers by providing intermodal rail services that reduce transit times. We are quick to respond and solve problems, which is fundamental to providing customer service. In addition to normal goods, we offer special services such as urgent shipments for events, temporary shipments, dangerous goods, temperature-controlled goods, and liquids. This guarantees fast and safe transport, with every guarantee for the customer.
